Instructions for Completing the GS2-14 Form

Print these instructions for future reference.

GENERAL INSTRUCTIONS: The following should be noted carefully in completing this form to expedite approval of your curriculum:

1. This form will serve as the required curriculum for the master's degree only. A separate [Plan of Study](#) (GS2 online form) will be required for the doctoral degree.
2. At least one half of the required courses for this master's degree must be selected from those numbered 8000 or above. This applies to any transfer credits, as well.
3. Courses completed in excess of those required by the Advisory Committee should not be listed. Definite required courses should be listed first, while elective courses may be listed in an optional manner under subheading such as "any 2 of the following 4 courses." In general, no more than 12 credit hours should be listed in such an optional manner.
4. All research credits should be condensed into a single entry with the completed date approximately coincident with the anticipated date of graduation.

TRANSFER CREDITS: Credits to be transferred must be labeled by an asterisk in the list of required courses and must bear the course number listed in the catalog of the institution(s) awarding the credits. The institution(s) and grade(s) should be identified, along with the course(s), in the space provided. Do not use the corresponding Clemson University course numbers.

Transfer credits must not have been used to satisfy the requirements for any other degree and must have been completed within in the six-year period preceding the date on which this Clemson master's degree will be awarded. **There are no exceptions to this requirement.**
